LEGAL NOTICE

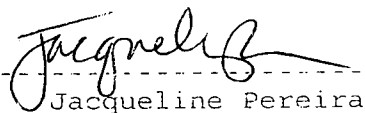

TELECOMMUNICATION FACILITY NOTICE

On or about February 16, 2007, Sprint Nextel Corporation ("Sprint") will file an application with the Connecticut Siting Council ("Siting Council"). The application will request a Certificate of Environmental Compatibility and Public Need for the construction, maintenance and operation of a telecommunication facility in Redding, Connecticut (the "Application"). The location under construction is 186 Black Rock Turnpike (Map 17, Block 75, Lot 35), which is owned by Redding Fire District 1. Sprint's facility will have a 120-foot monopole type tower with telecommunications equipment at the base. The 120-foot monopole will replace the existing 75-foot lattice tower currently located at the site. The Application will explain the need, purpose, benefits and environmental impacts of the facility.

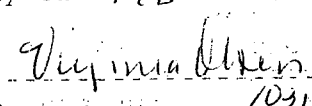

After Sprint files the Application, the Siting Council will set a date to hold a public hearing in the community. The Siting Council will publish notice of the public hearing in the local newspaper and Sprint will post a sign at the site with the details of the public hearing. On the day of the hearing Sprint will fly a balloon at the site, weather permitting, from 8 am until 6 pm so the public can ascertain the visibility of the facility.

Once the Application is filed, the progress of the Application can be followed on the Siting Council's web site at www.ctgov/csc. Questions or comments may be directed to: Thomas J. Regan, Esq. at Brown Rudnick Berlack Israels LLP, City Place 1, 185 Asylum Street, Hartford, Connecticut 06103, telephone 860.509.6500 or the Connecticut Siting Council, 10 Franklin Square, New Britain, CT 06051, telephone 860.827.2935.
